The date of the marriage of Miss Beth Thompson, daughter of Mrs. R. F. Thompson, 1425 Topeka avenue, and Mr. Samuel Edward Lux, Jr., son of Mr. and Mrs. Samuel E. Lux, 1207 Western avenue, is announced for Saturday, October 14. The wedding will be a large evening affair and will take place at 8:30 in the First Presbyterian church.

This wedding will be of much interest to Topeka society on account of the great popularity of the young people. There is not a girl in Topeka society who has received more attention than Miss Thompson. She is the youngest of four charming sisters. Her sisters are Mrs. Grace King, 1425 Topeka avenue, Mrs. Albert Seaton, 1425 Topeka avenue, and Mrs. George Merrill of Los Angeles, Calif.

Word was received in Topeka yesterday afternoon of the engagement of Miss Hazel Wing, daughter of Mr. and Mrs. W. H. Wing of Holland, Mich., to Mr. Leslie Guild, son of Mr. E. R. Guild of 515 Topeka avenue. The wedding will take place in the fall.

The announcement was made at a luncheon given at Miss Wing's home in Holland, last Saturday. The luncheon was a very pretty affair. The color scheme was pink and white. The announcement was made at the end of the luncheon, when the guests were surprised by the appearance of small pink baskets filled with candy hearts, bearing appropriate inscriptions. Fastened together with these hearts were the cards of Miss Wing and Mr. Guild. Covers were laid for thirty-two, among whom were Miss Nellie Kouns and Miss Sarah Kouns. Miss Wing last year was an instructor in piano at Washburn college, and made many friends here during that time. She was a popular member of the Ladies' Music club. She returned to her home in Holland at the end of the college term.

Mr. Guild is the manager of the Guild Music store, 722 Kansas avenue.

Miss Nellie Kouns and Miss Sarah Kouns returned yesterday. Last week they were guests of Miss Wing in Holland, Mich. Previous to that time they were at Lake Geneva, Wis., where they were entertained by Mrs. E. L. T. Martin at her summer home. The Misses Kouns expect to spend a few weeks in Topeka, after which they will return to Lake Geneva, where they will give a concert at the Country club on September 18. They will be the guests of Mr. and Mrs. F. T. A. Junkin.

DIXIE'S DAUGHTERS MOBILIZE FOR SUFFRAGE

"Dixie Night" promises to furnish one of the big surprises of the emergency-called convention of the National American Woman Suffrage Association at Atlantic City next month. On that night—September seventh—the thousands of women from all parts of the country who have mobilized for the convention will learn at first hand how the "solid South" stands on the question of woman suffrage. And, according to Mrs. Carrie Chapman Catt, president of the national association, the information will not be displeasing.

Details of the information which is to be presented to the convention by the Southern leaders are being jealously guarded, but it is admitted

that there are surprises in store for those who have been laboring under the delusion that the Southern States, as a whole, are opposed to granting woman the ballot.

Among the representative women who will speak on Dixie Night and tell of the strides which woman suffrage is making below the Mason-Dixon line are Mrs. B. J. Cunningham, president of the Texas Woman Suffrage Association; Mrs. Edward McGee, president of the Mississippi Federation of Women's Clubs; and Mrs. Lila Meade Valentine, president of the Virginia Equal Suffrage League. Other Southern leaders who are on the program that night include Mrs. Eugene Rieley, Vice-

President General Federation Women's Clubs; Mrs. Guildford Dudley, president Tennessee Equal Suffrage Association, Inc.; Mrs. T. T. Cotnam, vice-president Arkansas Woman Suffrage Association; and Mrs. Thomas Jefferson Smith, president Kentucky Equal Rights Association.

President Wilson and Mr. Hughes have been invited to address the convention, which is the most important that has ever been called in the suffrage history of the country. Its specific purpose is to determine the political policy which the National American Woman Suffrage Association—a strictly non-partisan body—will follow during the coming fall campaign.

IN NORTH TOPEKA

Need of Civic Club Revival Is

Felt by Merchants.

Peter Spotts Brings in the Season's Biggest Watermelon.

There is a sentiment among the more public spirited of the North side merchants to the effect that the North Topeka Civic club ought to be revived. It did much good in the past and it is thought it can do more good in the present. J. B. Billard, a former president of the organization, expresses himself as strongly in favor of its revival. The great need, says Mr. Billard, is for a genuine interest in the work of the club. J. R. Spetter, an enthusiastic supporter of anything for the good of North Topeka, says that the club is badly needed, and that there are many activities which it might take up. Frank Simms asserts that the club is the best boosting institution North Topeka ever had. "It is badly needed now," said Mr. Simms. "When men get together to consider, according to the former county commissioner, they find many needed changes and improvements to be brought about. One thing is sure to another, C. C. Snediker, an active member of the club in former days, says that the need for the club is great. The problem of the North Topeka men see that their active support of such a club will redound ultimately to their profit.

One prominent merchant diagnosed the trouble with the business men. "We have too much the attitude when someone wants us to go to a little trouble for the end of of a customer saying, 'Let George do it.' If someone wants you to decorate your store on a holiday why, 'Let George do it.' If someone wants you to invest your money in the good of the community, because you cannot see where it will profit you, you say, 'Why, let George do it.' If North Topeka was to graduate some day from a small town into a city, it will have to do a little real work."

Had to Build a Bridge.

Monday morning business drove a tractor and threshing machine down Kansas avenue toward the Melan bridge, intending to invade the South side. Indignant motorists, however, to the police and from Curtis street over the bridge to Crane street the crew was compelled to place boards over the asphalt paving to protect it. At many points along the avenue the asphalt was disfigured and rendered useless. At Crane street the threshing wheels turned onto the dirt road.

Big Melons Brought In.

The largest watermelon of the season was brought into the Shawnee State bank Saturday by Peter Spotts, who lives north of town. Another melon almost as large was purchased at a North side grocery by a citizen who was wheeling a baby. He had a brilliant idea came to him. He removed the baby from its comfortable seat, placed it in a watermelon and proceeded on his way in triumph.
